

TERMS OF SERVICE

These Terms of Service together with the applicable Customer Order Form constitute the agreement ("Agreement") between DIGITEL Corporation ("we," "us" or "DIGITEL Corporation") and the entity named as the customer on the Customer Order Form ("you," "user" or "Customer") for the DIGITEL FreedomPipe™ Communication services and any related products or services ("Service"). This Agreement governs both the Service and any Device(s), such as an IP phone, Multimedia Terminal Adapter, Analog Telephone Adapter or any other IP connection Device(s) ("Device(s)" or "Equipment"), used in conjunction with the Service and it applies to all lines on each FreedomPipe™ account.

BY ACTIVATING OR USING THE SERVICE, YOU REPRESENT THAT YOU ARE AUTHORIZED TO ENTER INTO THIS AGREEMENT ON BEHALF OF THE ENTITY NAMED AS THE CUSTOMER ON THE CUSTOMER AGREEMENT/ORDER FORM AND THAT YOU HAVE READ AND UNDERSTAND FULLY THE TERMS AND CONDITIONS OF THIS AGREEMENT.

1. EMERGENCY SERVICES - 911 DIALING

1.1 911 Dialing. FreedomPipe™ 911 Dialing will be implemented and operational with the Service. Service may not be used in any address or geographical area different from that reported to Digitel as the Customer's installation site. With E911 service, when you dial 911, your telephone number and registered address is simultaneously sent to the local emergency center assigned to your location, and emergency operators have access to the information they need to send help and call you back if necessary. By using this Service, you authorize us to disclose your name and address to third-parties involved with providing 911 Dialing to you, including, without limitation, third parties that own or manage call routers, call centers and local emergency centers.

1.2 Registration of Physical Location Required. For each phone number or device that you use for the Service, you must register the number or device with us to include the physical location where you will be using the Device with the Service and the applicable phone number of the Device. If you move the number or device(s) to another location, you must register the new location of the number or device. If you do not register your new location, any call you make using the 911 Dialing feature may be sent to an emergency center near your old address and cause a delay or failure in ability to receive emergency services associated with 911 Dialing. To re-register your physical location, please email FreedomPipeSupport@digitel.net.

1.3 Confirmation of Activation Required. Your 911 Dialing feature will not be activated for any phone line that you are using with the Service, unless and until you receive an email from us confirming that the 911 Dialing feature has been activated for that phone line. Contact us if you do not receive an email after you believe you have registered a Device.

1.4 Service Outages.

(a) Service Outages Due to Power Failure or Disruption. 911 Dialing does not function in the event of a power failure or disruption. If there is an interruption in the power supply, the Service, including 911 Dialing, will not function until power is restored. Following a power failure or disruption, you may need to reset or reconfigure the Device(s) prior to utilizing the Service, including 911 Dialing.

(b) Service Outages Due to Internet Outage or Suspension or Disconnection of Broadband Service or ISP Service. Service outages or suspensions or disconnections of service by your broadband provider or ISP will prevent all Service, including 911 Dialing, from functioning.

(c) Service Outage Due to Disconnection of Your FreedomPipe™ Account. Service outages due to disconnection of your account will prevent all Service, including 911 Dialing, from functioning.

(d) Service Outages Due to ISP or Broadband Provider Blocking of Ports or Other Acts. Your ISP or broadband provider or other third party may intentionally or inadvertently block the ports over which the Service is provided or otherwise impede the usage of the Service. In that event, provided that you alert us to this situation, we will attempt to work with you to resolve the issue. During the period that the ports are being blocked or your Service is impeded, and unless and until the blocking or impediment is

removed or the blocking or impediment is otherwise resolved, your Service, including the 911 Dialing feature, may not function. You acknowledge that Digitel is not responsible for the blocking of ports by your ISP or broadband provider or any other impediment to your usage of the Service, and any loss of service, including 911 Dialing, which may result. In the event you lose service as a result of blocking of ports or any other impediment to your usage of the Service, you will continue to be responsible for payment of the Service charges unless and until you disconnect the Service in accordance with this Agreement.

(e) Other Service Outages. If there is a Service outage for any reason, such outage will prevent all Service, including 911 Dialing, from functioning. Such outages may occur for a variety of reasons, including, but not limited to, those reasons described elsewhere in this Agreement.

1.5 Re-Activation Required if You Change Your Number or Add or Port New Numbers. 911 Dialing does not function if you change your phone number or if you add or port new phone numbers to your account, unless and until you successfully register your location of use for each changed, newly added or newly ported phone number and the associated Device.

1.6 Network Congestion; Reduced Speed for Routing or Answering 911 Dialing Calls. There may be a greater possibility of network congestion and/or reduced speed in the routing of a 911 Dialing call made utilizing the Service as compared to traditional 911 dialing over traditional public telephone networks.

1.7 Disclaimer of Liability and Indemnification. We do not have any control over whether, or the manner in which, calls using our 911 Dialing service are answered or addressed by any local emergency response center. We disclaim all responsibility for the conduct of local emergency response centers and the national emergency calling center. We rely on third parties to assist us in routing 911 Dialing calls to local emergency response centers and to a national emergency calling center. We disclaim any and all liability or responsibility in the event such third party data used to route calls is incorrect or yields an erroneous result. Neither Digitel Corporation nor its officers or employees may be held liable for any claim, damage, or loss, and you hereby waive any and all such claims or causes of action, arising from or relating to our 911 Dialing service unless such claims or causes of action arose from our gross negligence, recklessness or willful misconduct. You shall defend, indemnify, and hold harmless FreedomPipe™, its officers, directors, employees, affiliates and agents and any other service provider who furnishes services to you in connection the Service, from any and all claims, losses, damages, fines, penalties, costs and expenses (including, without limitation, attorneys fees) by, or on behalf of, you or any third party relating to the absence, failure or outage of the Service, including 911 Dialing, incorrectly routed 911 Dialing calls, and/or the inability of any user of the Service to be able to use 911 Dialing or access emergency service personnel.

1.8 Alternate 911 Arrangements. All customers should maintain an alternate means of accessing 911 services at all times.

2. SERVICE

2.1 Term. Service is offered on a term basis that begins on the date that Digitel activates your Service and continues for the term specified in your Customer Order Form. Upon the expiration of the term of this Agreement, this Agreement along with any additional services purchased during the initial and any subsequent terms will renew automatically for the same term for the pricing in effect as of the end of the previous term, unless either party notifies the other party in writing that it has elected to terminate such agreement at least sixty (60) days prior to the end of the then-current term.

You will be liable for usage based charges including but not limited to International calling charges, 411 charges, unbilled charges and other accrued usage charges that you incur on our service. Expiration of the term or termination of Service will not excuse you from paying all accrued usage charges and unpaid charges due under this Agreement.

The Service and Device(s) and any firmware or software used to provide the Service or provided to you in conjunction with providing the Service, or embedded in the Device(s), and all Services, information, documents and materials on our websites are protected by trademark, copyright or other intellectual property laws and international treaty provisions. All of our websites, corporate names, service marks, trademarks, trade names, logos and domain names (collectively "marks") are and will at all times remain our exclusive property. Nothing in this Agreement grants you the right or license to use any of our marks.

(b) Unauthorized Usage of Device(s); Firmware or Software. You have not been granted any license to use the firmware or software used to provide the Service or provided to you in conjunction with providing the Service, or embedded in the Device(s), other than a nontransferable, revocable license to use such firmware or software in object code form (without making any modification thereto) strictly in accordance with the terms and conditions of this Agreement. You expressly agree that the Device(s) is exclusively for use in connection with the Service and that we will not provide any passwords, codes or other information or assistance that would enable you to use the Device(s) for any other purpose. Upon any termination of Service or the Rental Agreement, You will return at your expense the Devices to Digitel in good working repair. 2.12 Content. You will be liable for any and all liability that may arise out of the content transmitted by you or to any person, whether authorized or unauthorized, using your Service or Device(s) (each such person, a "User"). You shall assure that your and your User's use of the Service and content comply at all times with all applicable laws, regulations and written and electronic instructions for use. We reserve the right to disconnect or suspend your Services and remove your or your Users' content from the Service, if we determine, in our sole and absolute discretion, that such use or content does
